Is it hard for you to hear in the Cathedral because of all the reverberation and echo? Do you wear hearing aids?

The Cathedral now has Hearing Assistance devices available. The receivers cost \$80 and you will own your device.

If you are not sure if they will work for you, you can try one out. To obtain a hearing device please call the parish office at (575) 524-8563.

For those with hearing aids, you need to have a tCoil active in your hearing aids. Not sure what

that is? Ask for a receiver with a neck loop. If the tCoil is active, then you will hear directly through your hearing aids. If not, a local audiologist has agreed to activate it (if your hearing aids are equipped with it) for free. We just need your name and phone number and they will call you to set up an appointment.

## BLESSED JOHN DUNS SCOTUS

(c. 1266-1308)

Feast Day - November 8th

John received the habit of the Friars Minor at Dumfries. When many people adopted whole systems of thought without qualification, John pointed out the richness of the Augustinian-Franciscan tradition, appreciated the wisdom of Aquinas, Aristotle and the Muslim philosophers—and still managed to be an independent thinker.

That quality was proven

in 1303 when King Philip the Fair tried to enlist the University of Paris on his side in a dispute with Pope Boniface VIII. John Duns Scotus dissented and was given three days to leave France.

Some philosophers held that people are basically determined by forces outside themselves. An ever-practical man, Scotus said that if he started beating someone who denied free will, the person would immediately tell him to stop. But if Scotus didn't really have a free will, how could he stop? John had a knack for finding illustrations his students could remember!

He returned to Paris, where he received the doctorate in 1305. He continued teaching there and in 1307 so ably defended the Immaculate Conception of Mary that the university officially adopted his position. That same year the minister general assigned him to the Franciscan school in Cologne where John died in 1308. He is buried in the Franciscan church near the famous Cologne cathedral.

Drawing on the work of John Duns Scotus, Pope Pius IX solemnly defined the Immaculate Conception of Mary in 1854. John Duns Scotus, the "Subtle Doctor," was beatified in 1993.
